Isaac A Guzmán

5812 Wagon Train Rd
Austin, TX, 78749

512-903-7539
ikezug06@gmail.com

I am a very hard worker who wants to help assist customers when necessary. I don't get distracted easily and I'm quick and efficient.

My Family/ Lawn Mower

February 2017 - Present, My House

This is where I first made money, and still do to this day. I schedule my mowing times with my dad, then I do it and he pays me.

Boy Scouts / Instructor / Leader

October 2019 - Present, Scout Meetings

I used to be an Instructor for knots and first aid, but now I lead weekly meetings and plan events for our large troop, such as campouts.

SYEP / Employee

June 2022 - July 2022, Online

I applied and was accepted into the Summer Youth Employment Program sponsored by the City of Austin. I worked under Aaron Kristin (kdaa37@gmail.com), 1-5 Weekly for 5 weeks, and learned critical job skills. At this job I:

- Learned how STEM careers can impact my future
- Completed numerous daily assignments reflecting my understanding in this field
- Presented my findings to my associates

Patton Elementary / 5th Grade Graduate

September 2011 - June 2017, Primary School

This is where I first learned everything, and it was mainly fun and games.

Kealing Middle / 8th Grade Graduate

September 2017 - June 2020, Secondary School

This is where I found my enjoyment in the arts and engineering. I took many music, math, and design classes, to cover all sectors of my education.

Austin High / Current Junior

September 2020 - Present, Tertiary School

This is where I learned how to use proper engineering techniques, and learned how to animate, sketch, and create designs.

Awards

I was elected into the Boy Scout Honor Society (Order of the Arrow) and I'm honored to be there. That's a huge award for me.

I've also won a school wide project for renovations, and plan to build a new computer help room, run by students and taught by DELL.

I've taken many Tech classes within Scouts, including Robotics, Game Design, and Inventing.
